SUMMARY

AI Engineering student with strong programming skills and a growing foundation in Machine Learning, Deep Learning, and Generative AI, experienced in building data-driven applications and conversational AI systems.

EDUCATION

B.Tech CSE (AI Specialization)

Jaipur Engineering College, RTU

Sep-2023 - Present

Jaipur, Rajasthan

Senior Secondary School - PCM (CBSE BOARD)

RV Public School

2021 – 2023

Agra, UP

SKILLS

Programming: Python, C++, DSA

Data Analytics: SQL, Power BI, Excel, Pandas, NumPy, Matplotlib, Seaborn, Sklearn

Machine Learning: Knowledge of Machine learning, Deep learning, NLP and GenAI.

Tools: Git/GitHub, Google Workspace, Jupyter Notebook, Windows, VS Code, Google Collab, FastAPI.

PROJECT

Power BI Interactive Dashboard Development

- Designed dynamic Power BI dashboards across food, e-commerce, HR, and mobility, transforming raw data into actionable insights with advanced visuals, filters, slicers, and interactive storytelling to drive smarter, faster, old-school disciplined yet future-ready business decisions..

Banking System Backend

- Built a modular FastAPI banking backend with OOP design, powering secure accounts, auth, transactions, and role management, backed by a lightweight JSON data layer for rapid prototyping and seamless CRUD at enterprise speed.

E-commerce backend focused

- Designed and implemented a Flipkart-like e-commerce backend with Python, FastAPI, MySQL, and Streamlit UI, exposing modular REST APIs, JWT authentication, scalable data models, and end-to-end cart and order management following clean architecture principles.

Voice transcriber or traslator

- Built Dubify, a Generative AI–powered multilingual audio dubbing system that converts speech into translated voice output using Whisper for speech recognition, neural machine translation, and text-to-speech synthesis, orchestrated in Python with FFmpeg for audio processing.

TRAINING & WORKSHOP

- Trainee at Grass solutions.
- Also attended multiple courses for skill development from GFG, APNA COLLEGE & CAMPUSX.

CERTIFICATE

- LNB Python training certification and 60 hours Data Science workshop.
- GFG Data Analysis .

REWARDS & ACHIEVEMENTS

- Prize Money in Inter College Quize Competition.
- Winner Trophy in Inter College Games and RunnerUp Trophy in Inter College Football Tournament.
- Solved 300+ DSA Questions on Leetcode&GFG and achieved multiple badges.
